

## **Disclaimer**

Repairers at the Hanham Repair Cafe are unpaid volunteers and do not offer a professional repair service.

### **We can only look at your item if you agree to the following statements:**

1. I bring items to be repaired at my own risk. I acknowledge that my item may be broken further during repair, that data may be lost and that a repair may not last.
2. The volunteers at the Hanham Repair Cafe accept no liability for damage or injury caused by repaired items whilst at the Repair Cafe or once the item leaves the Repair Cafe.
3. Repairers may choose not to attempt to repair an item - this could be for safety or any other reason. Sometimes a professional repair service is needed.
4. Repairers may take my item apart and not put it back together again. For example if the item is unsafe or broken beyond repair.
5. If batteries, leads, plugs, fuses, zips or other replacement parts are needed, I need to provide them.
6. I have to stay with the repairer/within the Repair Cafe while my repair is being carried out. (Hopefully you can pick up some new skills!)
7. I have to take my item away with me when I leave whether it has been fixed or not.
8. If I have bought Children with me I am responsible for them and their safety at all times.
9. If I have more than one item, it will be looked at if repairers have time, but I will have to go to the back of the queue if there is one.
10. Hanham Repair Cafe may take photos and videos at the Repair Cafe for publicity purposes, if I don't want photos or videos of me to be used I will let an organiser know.
